

# TECHNICAL DATA SHEET

CODE:	NTB25A
DESCRIPTION:	25mm BRASS DUAL PURPOSE NOZZLE
CATEGORY:	FIRE HOSE NOZZLES
REVISION DATE:	25 MAY 2021

## PRODUCT DESCRIPTION:

The NTB25A dual purpose short body nozzle can be used in conjunction with an optional branch pipe or by direct connection to a fire fighting hose, monitor or other equipment.

These nozzles are robust, compact and economical with straight jet and spray & settings. Our nozzles are tried and tested in some of the harshest mining and industrial applications throughout Australia.

**OPERATION:** By rotating the head from the shut-off position, the operator can change from a straight jet to a fine spray pattern.

**CONSTRUCTION:** These fog nozzles are available in brass only and incorporates a large rubber impact protection ring to reduce the chance of damage.
