HYDRO-TESTING EQUIPMENT

HAND PUMP HYDRO-TESTER with MASTER GAUGE
Hydro-Tester with hand pump for low pressure fire extinguishers.

- Includes a digital working gauge.
- Easy to use.
- Requires a water source and regulated air source (compressor or nitrogen tank).

Meets or exceeds NFPA 10 & DOT Regulations.

AIR OPERATED HYDRO-TESTER

Hydro-Tester with air operated pump for low pressure fire extinguishers.

- Includes a digital gauge.
- Easy to use.
- Requires water source and regulated air source (compressor or nitrogen tank).

Meets or exceeds NFPA 10 & DOT Regulations.

SELF CONTAINED HYDRO-TESTER

Low Pressure Hydro-Tester for fire extinguishers. Your choice of 2 models. Hand pump or air operated pump. Both offer ease of operation with water blow out capability. On site testing. Each can lower your cost of hydro-testing and give to your customer service your competition can't offer!

Meets or exceeds NFPA 10 & DOT Regulations.

Self Contained Air Op Pump

Self Contained Hand Pump

Set of Adaptors

Common set of adaptors for use with hydrotesters shown. The adaptors fit most American made extinguishers.

CYLINDER DRYER 4 X 4

Dries 4 cylinders in a compact area. Perfect for mobile service or shop.
